

DIME TIME

Get out of debt, one dime at a time.

Tim Carlisle • Founder & CEO

Financial Automation Engine

THE PROBLEM

Americans Are Drowning in Debt

- \$18.3T in U.S. consumer debt
- People intend to pay down debt — but don't follow through
- Manual payments require discipline most users don't maintain
- Financial stress is rising across all generations

WHY NOW

275M+

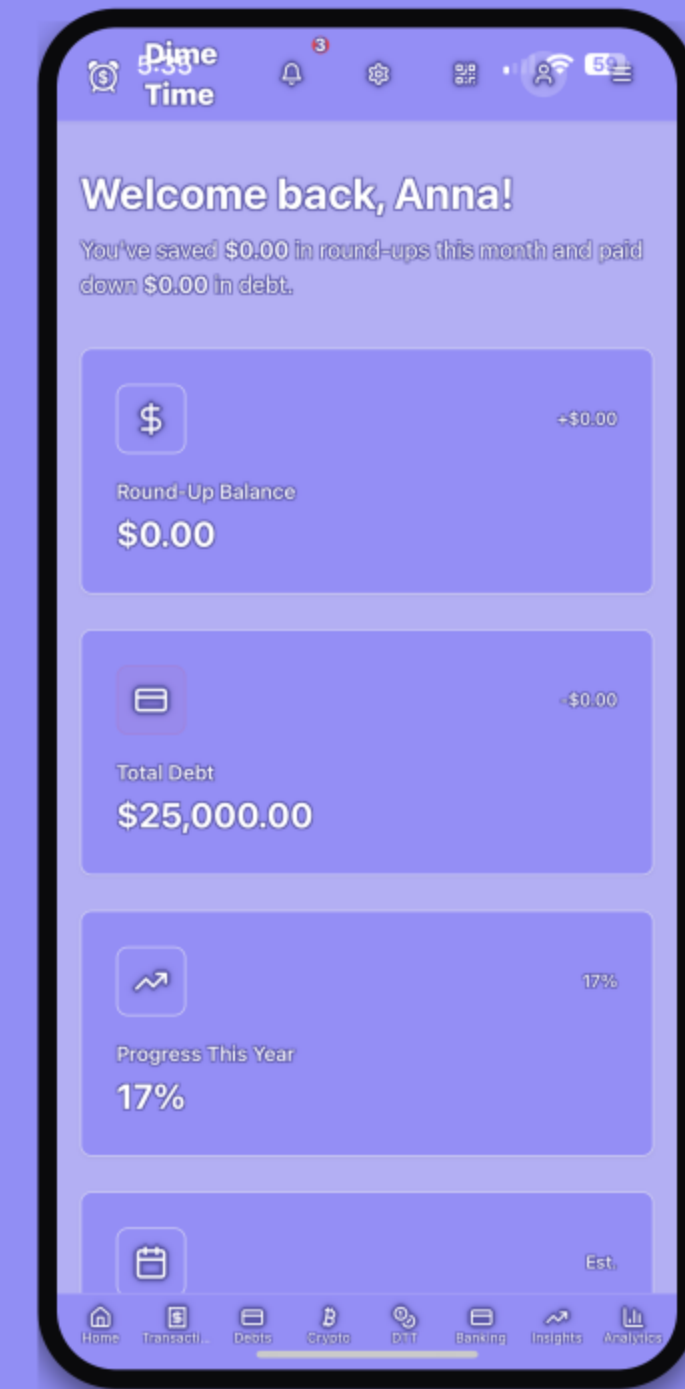

U.S. smartphone users

Plaid, ACH rails, and crypto APIs
now make full automation possible.

THE SOLUTION

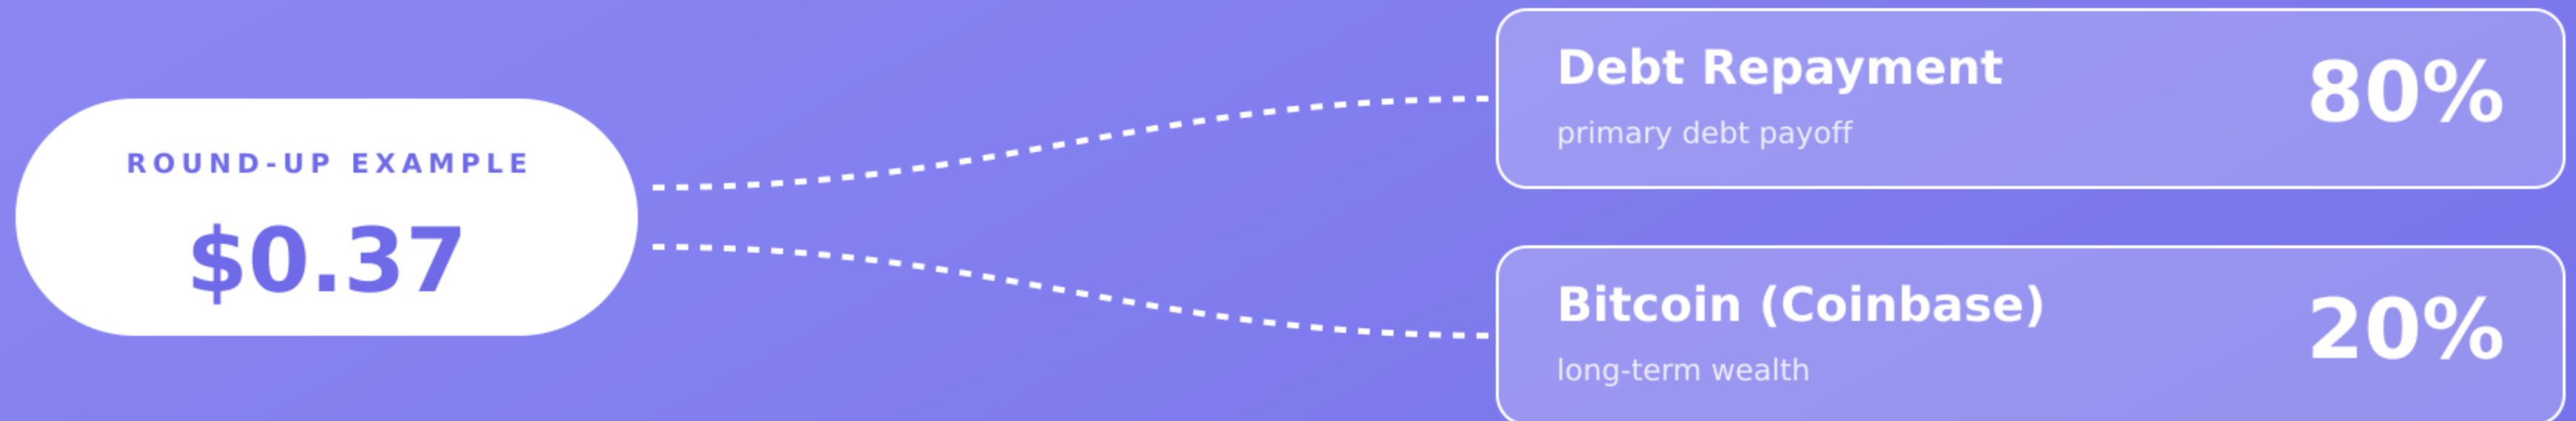

Automated Debt Reduction

- Every purchase rounds up automatically
- Spare change is applied to your financial goals
- No behavior change required
- Works passively in the background

THE BREAKTHROUGH

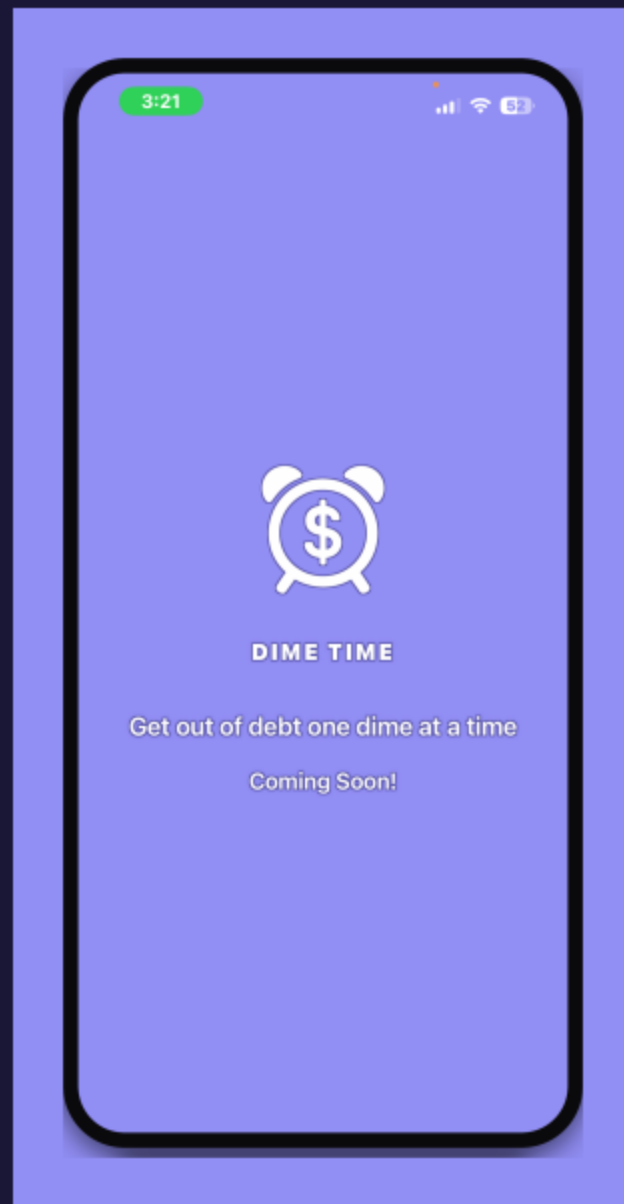

Dynamic Allocation Engine

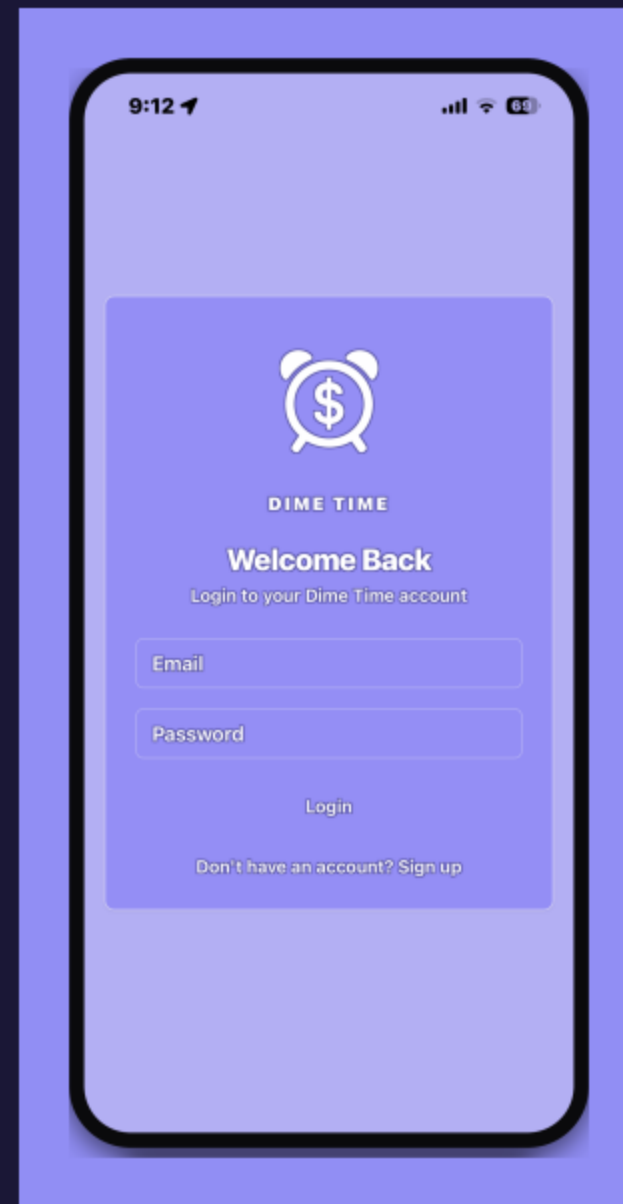

- Real-time allocation
- User-controlled split
- Direct execution into financial endpoints
